

Gully Erosion Repair Program Application Form

Main Program Objectives:

- To minimize water erosion and flooding damage by providing physical adjustments and alterations along gully formations.
- To protect surface water quality; and
- To prevent channel erosion and soil erosion on adjacent lands.

Eligibility:

- The registered landowner must make out all applications;
- There is no limit to the number of applications that a landowner can make to this program in their lifetime; and
- The waterway must meet all the following criteria
- Land must be within the Turtle Mountain Conservation District
- A natural or artificial watercourse must display evidence of severe water erosion and sediment transport.

Cost-sharing:

- The Turtle Mountain CD will pay **100% of the project cost** for gully erosion repairs **up to a maximum of \$5,000** per project.

Application deadline: On-going.

NAME: _____

MAILING ADDRESS: _____
(Box Number) (Town) (Postal Code)

TELEPHONE NUMBER: _____ E-MAIL: _____

LEGAL LAND DESCRIPTION OF PROJECT: _____
(Quarter) (Section) (Township) (Range) (e.g. NW 1-2-3)

TERMS AND CONDITIONS**General Terms and Conditions:**

- Subject to the above terms, the Agreement shall become effective and shall be binding upon both parties until terminated;
- If either party fails to meet the above mentioned responsibilities, the Agreement may be terminated by the other party via written notice;
- Said termination shall take effect as of five (5) years subsequent to the effective date hereafter described;
- The annual projects resulting from this program will be subject to funds appropriated;
- Engineering and technical service and financial assistance for the project construction or maintenance will be subject to the availability of staff. The District reserves the right to establish priorities for providing such services and assistance;
- Failure of landowner to meet Land Responsibilities may negate his eligibility for other District programs.

Landowner Responsibility

- Request assistance by application, which is to be received by the Conservation District office;
- Provide consent of entry for construction and inspection, if necessary;
- Provide sufficient room for construction according to improved condition of watercourse;
- Shall not break pasture, burn, use as a roadway, or in any way cause or permit to be caused damage to the erosion repair for a minimum of 15 years;
- Consent to the TMCD establishing appropriate signage for the project if desired
- Indemnify and save harmless the District from any and all actions, claims, suits, damages, injuries or other loss no matter howsoever arising as a result of the constructions, operation or maintenance of the project.
- Provide access for inspection or evaluation by the TMCD Staff or Board when requested;

Conservation District Responsibility:

- Provide on-site inspection with landowner prior to construction;
- Complete construction as specified on application form up to maximum specified;
- Inspect annually after spring runoff;
- Selection and/or prioritization of projects is at Sub-District discretion
- Supervise project to ensure project design is met;
- Invoice the landowner for the appropriate share following completion of the project; and
- Retain the option to erect signage promoting the Gully Erosion Repair Program

It is understood that this agreement shall indemnify and save harmless the Turtle Mountain Conservation District #4, their agents, engineers, servants and/or employees from any liability which may result from the execution of the project.

I hereby declare that I have read the conditions of the Grassed Waterway Program and that I agree to abide by the terms of the policy; and that I agree to co-operate to the fullest extent with the Turtle Mountain Conservation District #4 in completing and maintaining the project as outlined above.
